William the Conqueror

I'm William the Conqueror
Britain's first Norman king
I found renown and won my crown
at the battle of Hastings

In September of 1066
I crossed the sea from **France**
The weather had improved somewhat
and it seemed I had a **chance**

I'm William the Conqueror
Britain's first Norman king
I found renown and won my crown
at the battle of Hastings

An arrow sealed Harold's fate,
and I rode to London **town**
On Christmas Day at Westminster
I finally wore the **crown**

I'm William the Conqueror
Britain's first Norman king
I found renown and won my crown
at the battle of Hastings

I wasn't kind to **enemies**
Made barons of my friends.
I ruled the land with iron hands,
Until my final **end**

I'm William the Conqueror
Britain's first Norman king
I found renown and won my crown
at the battle of Hastings

I'm William the Conqueror
Britain's first Norman king
I found renown and won my crown
at the battle of Hastings
