

JOBS

Write as many jobs as you can in the three columns.

Then discuss these questions:

1. Can you think of any jobs that don't end with *-er*, *-or*, *-ist* or *-ian*?
2. Where do the words come from? For example, *teacher* comes from *teach*.
3. Are any of these words similar to French? Are the endings similar?

-er / or	-ist	-ian
