

2007 Biennial

Research and Technology Fair

Thursday, November 15, 2007

J.W. McConnell Building, Concordia University
1400 de Maisonneuve West, Montreal

On behalf of the Centre for the Study of Learning and Performance (CSLP), we are pleased to invite you to the sixth biennial CSLP Research and Technology Fair on Thursday, November 15, 2007, to be held in the Atrium of the J.W. McConnell Building, Concordia University, located at 1400 de Maisonneuve West.

The fair will exhibit a variety of innovative CSLP research and development projects on such topics as:

- The development of second and third language skills;
- Learner support and wikis;
- Using electronic portfolios for assessment;
- Attention control in musical perception;
- Effective uses of technology in K-11 and postsecondary classrooms, including students with disabilities; and
- Problem generation in inquiry contexts.

Along with the poster exhibits, there will be demonstrations on the CSLP's educational software.

Additionally, students and teachers from our partner schools will be presenting their projects using our early literacy software, ABRACADABRA and electronic portfolio software, ePEARL.

Schedule
